

AI MADE CONTENT CHEAP.

So the scarce thing is now
judgement.

FAST

DRAFTS, RESIZES, VARIATIONS

Software can now draft a layout, resize a video or write a promo line in seconds. That's genuinely useful.

WHAT?

WHAT TO SAY, WHERE, AND WHEN

Which offer for the window at 8am? What the queue needs to see? What fits your brand? That still takes judgement.

SPEED WITHOUT STRATEGY IS NOISE.

**Use AI for the making. Keep a human for the
deciding and the checking.**
