

JUST A TV AND A USB STICK?

**Why so many business screens
quietly stop working.**

01

EVERY CHANGE MEANS A LADDER

Pull out the stick, update the file on a laptop, put it back. Every single time.

02

SO IT STOPS HAPPENING

Because it's a hassle, nobody does it. The content stays exactly where it was.

03

SUMMER OFFER. IN NOVEMBER.

The screen hasn't failed. The setup has.

PROPER SIGNAGE IS TWO THINGS.

KHAZINA DIGITAL SIGNAGE

COMMERCIAL SCREEN

Built to run all day, not a home TV.

CLEVERPOSTERS

CONTENT SYSTEM

Update from your phone.
Schedule ahead. One screen or
fifty.
